

Dear Customers,

Italy and other countries world-wide are passing through a difficult period due to the coronavirus (COVID-19) outbreak. We at Italvacuum would like to communicate our gratitude and solidarity to all the healthcare personnel who are fighting on the front line in these months.

Reporting to what many of you have asked us in the last few weeks, we would like you to inform that production, after being secured, is still going on pursuant to article 1, paragraph 1, letter d) of the Prime Ministerial Decree dated March 22<sup>th</sup>, 2020. The current orders will be promptly delivered, except for further governmental provisions or causes of force majeure over the shipment. A heartfelt thanks to all of you Customers and to all the company's staff in the offices and workshop, without whom none of this would be possible.

Our sales engineers, technicians and designers, those in smart working and those directly at the workplace, are always at your complete disposal for any request of information, technical assistance service or offer.

It is a difficult time and we are aware of it, but we are also aware that together we will come out stronger than before.

The Management
